## FOURs

It has been exciting in our room with the addition of our new friends from the three year old class! Thank you to all the parents who have been patient with the continuous rearranging of the classroom as we have been adjusting to the increased student numbers. Many of you are familiar with our star chart (reward system where kiddos earn stars for doing a great job at each activity during our day), and I really appreciate your encouragement of your kiddos to earn all their stars. I would sincerely welcome any thoughts you may have, as well as ways I can help your child earn their stars for free play. A special movie or snack to share for our next "star students party" I'm so happy to share that we have earned our popcorn party for all students receiving all of their stars! Keep up the great work kiddos!

-Ms. Maureen
