Welcome May!

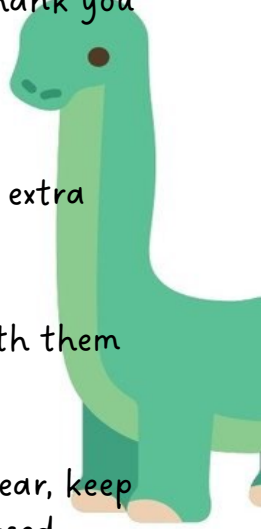

This month we will all be learning about DINOSAURS! The letters of the month are J and K. The number of the month is 11. The shape of the month is Trapezoid and the color of the month is brown.

Throughout the month we will continue heavily focusing on potty training. The class has been doing a great job lately with potty training so thank you all for your continuous support! We will also be continuing to have water days throughout the month so please leave a swimsuit here for your child to use or if we have messier projects planned. Also if you are ever curious about what we have planned for the week or if you would like to follow along, I always post our lesson plan right outside the classroom along with our lunch schedule and themes for the month. As always thank you all and here's to another wonderful month!

Just a few reminders:

- In this class, we heavily focus on POTTY TRAINING! Please send lots of extra clothes if your child is just beginning the process. There will be accidents!
 - If you are ready for your child to start potty training, please start with them during the weekend and we will continue throughout the week!
 - If your child is doing well with potty training and they are in underwear, keep them that way please. If they are put back in pull ups they will get confused.
 - Please leave pacifiers at home! As per our handbook, pacifiers are not supposed to go past the one year old room.
- 

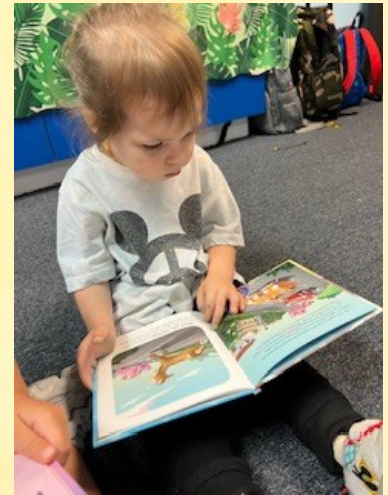

Please reach out anytime if you have any questions at all!
